

## **Ghoulunatics - Move Along !**

I have the most powerful thing in my hands

It's not a weapon, a weapon as we know it.

It cripples us, it poisons us, it fucks with us, it breaches us

we all welcome it sheepishly into our lives

Move along, move along, move along

There's nothing to see

(Move along, move along, move along)

Let me see

(Move along, move along, move along)

the pleasure to peek

(Move along, move along, move along)

Oh! Let me see

(Move along, move along, move along)

There is nothing to see

(Move along, move along, move along)

Let me see

(Move along, move along, move along)

The show is free

Unaware of the awful beauty that guides us

the need to get the latest news, the latest death

Savor the moment, shoot the perfect pose,

snap the perfect pic, share the perfect lies.

Share your perfect life, SHARE!!!!X5

Move along, move along, move along

There is nothing to see

(Move along, move along, move along)

Let me see

(Move along, move along, move along)

the pleasure to peek

(Move along, move along, move along)

Oh! Let me see

-Turn in off! Resist! x 3

Move along! X 4

Move along,

There is nothing to see

It just a waste of time

Please let me see

Move along

the pleasure to peek

There is nothing to see

Let me see

show is free, is free, is FREE!!!

What's in, what's out. Get in, Get out

Thumbs up, thumbs down
